Dear Sir / Madam

Section 106 Water Industry Act 1991
Sewer Connection at 2 Station Street, Donington, Spalding

Thank you for your application for a sewer connection to serve the above premises. I can confirm that Anglian Water has no objection to foul water connection into the existing foul water manhole as per drawing no 438 – A – 206 Rev B.

Please be advised that whilst this letter confirms that we have no objection to the type of connection proposed, it shouldn't be issued to the Planning Authority as proof that a drainage strategy has been agreed with Anglian Water. If we have placed a drainage condition at the planning stage, you are still required to comply with any stipulations we have made regarding point of connection or discharge rates before we will confirm to the Planning Authority that the condition has been satisfied.

Your contractor must submit their Method Statement for approval of their safe system of work at least 5 days before commencing work. This form is included in the sewer connection pack or can be downloaded from the Anglian Water website.

Please note that our approval is based upon the public sewer records. No physical surveys have been carried out by Anglian Water to ascertain the existence or position of the sewer(s) to which you are intending to connect. The actual position of all apparatus should be established by trial holes.

We will want to inspect all work carried out on the public sewer and we may have to issue permits to your contractor. To arrange for a site visit or inspection, your contractor must call **Nick Lumbnis** on **07702150789**giving 5 working days notice of when the work on the public sewer will commence.

Please note that the property will be billed for sewerage charges three months from the date of the approval letter if we have not had notification of the connection date or that the connection is not proceeding.

FACT
All of our printed stationery is made from completely recycled paper, and uses inks that are kinder to the environment. To see what else we're doing visit www.anglianwater.co.uk/loveeverydrop

THE QUEEN'S AWARDS FOR ENTERPRISE: SUSTAINABLE DEVELOPMENT 2015

Registered in England No 2366656

An AWG company

LED02/10/15

There is a one-off zonal charge of £471.00 per property (not subject to VAT). This comprises both the Sewerage Services fixed element of £370.00 and the Sewerage Services variable element of £101.00. This will be billed by the water company either before or shortly after the connection has taken place. For further information regarding this charge, please see the Developer Services Charging Arrangements document on our website at www.anglianwater.co.uk/developers/charges.

Yours faithfully,

Tracey Sutton
