Application H04-0675-15
Location 1A Northorpe Road Donington Spalding PE11 4XU
Proposal Change of use from agriculture to proposed extension to existing haulage yard to include storage and distribution and parking of operators vehicles and equipment (retrospective)

Name Steve Branson
Address Environmental Health Technician Safety and Environment

Date Submitted 09-09-15
For/Against Objections

The environmental protection team are currently in receipt of noise complaints from residents in the area regarding activities on the site.

In my opinion the proximity of the site to residential properties makes it unsuitable for the proposed use.

I therefore object to the application.
