3. Remove dead wood, rubbing or crossing branches likely to rub.

Wherever pruning occurs to sound wood only.

LOCATION: 23 Quadring Road Donington Spalding

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

3 Walnuts should only be pruned in late July and early August when they are in full leaf. (If holding their leaves well trees may be pruned in September). If pruned at other times of the year walnuts are prone to bleeding sap profusely which could contribute to early death.
