Application	H04-0821-22
Location	PASTURE FARM WESTDALE DROVE DONINGTON PE11 4XG
Proposal	Proposed Livestock Shed - approved under H04-0322-21. Modification of Condition 1 for the addition of a slurry tank. Modification of Condition 2 to allow the time frame for the removal of litter from the site to be extended and confirmation that vehicles transporting the litter cannot be covered as they belong to outside contractors.

Whilst it appears that the slurry tank will be covered I am concerned that it may be difficult to control the odour and give rise to a potential increase in flies. I am concerned how this many impact any existing management plans that are currently in place.
