I give six weeks notice that I intend to carry out the work that I have described below, to tree(s) that are not covered by a Tree Preservation Order but situated within a Conservation Area. Please give the name of the Conservation Area here... DONINGTON

Please draw a sketch plan to show the location of the tree(s); either on the back of this form or on a separate sheet, then tell us...

Species of tree(s)	Tree ref. number or position on site	Details of the work that you propose	Why you think this work is necessary	Proposed replacement tree(s)*
WEeping WILLOW	T.1	TREE TO BE SEVERELY REDUCED OR REMOVED	DANGEROUS DUE TO LARGE CAVITY MAKING TREE UNSTABLE	

(separate sheets can be attached if more room is needed)

* If you want to cut down a tree we will usually require you to replace it. Normally we will ask you to plant a young tree (at least 1.5 metres high) of the same species that you have cut down, as near to where the original tree was located as is practicable. Sometimes a comparable species may be allowed instead of the same species. Please give details of the tree(s) you would ideally like to plant as a replacement.
