

# **APPLICATION FOR TREE WORKS**

## **TREES SUBJECT TO TPO**

### **QUADRING ROAD DONINGTON PE11 4SY**

GRID REF: TF220344 (521999 334478)

Two roadside Ash trees require urgent attention.

Ash 1. Requires felling due to numerous dead limbs, some of which extend out over the A152, caused by disease damage. These limbs are in a very dangerous state. The tree is of low amenity value.

Replant with one standard Oak in position shown on the Block plan.

Ash 2. Requires reduction by approx. 35% due to excessive and dangerous overhang of the A152.

All works will be carried out in accordance with BS 3998 2010.

This statement is written following consultation with Diane Fairchild-Fenton of South Holland District Council at a site visit prior to application submission.
