# TOWN AND COUNTRY PLANNING ACT 1990
# TREE WORKS IN A CONSERVATION AREA

**Reference:** H04-1083-15 **Date of Decision:** 23rd December 2015

**Applicant:** Diane Fairweather
85 Northorpe Road
Donington
Spalding
Lincs

**Location:** Adjacent: Pond Mill Lane Donington Spalding Lincs

**Description:** Works to trees in Donington Conservation Area

**Detailed Description:**

Notification with regard to the young horse chestnut trees growing on the eastern bank of the pond Mill Lane.

'Fell 3 chestnut trees (only two present at the above location on 23.11.15) due to growth and phone and electric cables, constant financial burden on Parish Council'.

The trees to be replaced with weeping cherries.

## South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

3 The resulting stumps of the trees should be ground out to at least 300mm below ground

level to help reduce the risk of the stumps harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

It is recommended that the weeping cherries are at least 1.5 metres high on planting, to be protected by tree guards and staked until established. Care must be taken to check the tension of any tree ties on a regular basis, to prevent constriction of growth.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
