PROPOSED EXTENSION AND ALTERATIONS AT 41 CROSSLANDS DONINGTON FOR A HILL & S GIBBONS

A	CLIENTS ALTS	NOV 2017

DO NOT SCALE FROM THIS DRAWING

This drawing is the property of the Architect. The Architect holds the copyright and other intellectual property rights in it and it may not be reproduced or used except as agreed in writing. The Architect does not accept responsibility for any unauthorised changes to the drawing. No responsibility can be accepted for dimensions taken from this drawing other than those stated by the Architect. The Architect has prepared this drawing for the purpose of obtaining planning permission and building regulation approval and it may not be suitable for use for any other purpose. The Architect does not accept responsibility for the accuracy of information contained within documents prepared by third parties. It is the responsibility of the Contractor to verify all dimensions on site before commencing any work or preparing any shop drawings. Any discrepancies are to be reported to the Architect before work proceeds. This drawing is to be read in conjunction with all relevant engineers drawings and specifications. Any work executed by the Contractor prior to the approval of the Building Control Body is entirely at the Contractor's own risk. The Architect will not be responsible for any loss or damage suffered by the Contractor as a result of any work carried out which does not comply with the Building Regulations. The Contractor is to provide all temporary works necessary to support the building fabric during the course of the works. All materials and workmanship are to be in accordance with the current British Standard Specifications and Codes of Practice. Any proposals for alternative materials must be submitted to the Architect for approval before ordering. The Contractor is to provide adequate temporary bracing to stabilise the building during construction. Site inspections by the Building Control Officer must be carried out as required by the Building Regulations. The Contractor is responsible for obtaining all necessary approvals from the Building Control Body and Statutory Undertakers. The Contractor is to allow for all fees in connection with the Party Wall etc. Act 1996, when building or carrying out any excavation within 3 metres of a neighbouring building or structure, or within 6 metres of a neighbouring building where the new foundations will be deeper than the existing foundations. Work that may not specifically be shown but that is reasonably inferred as necessary to carry out the works shown on the drawings is to be carried out by the Contractor as if detailed on the drawings. Party Wall etc. Act 1996, when building or carrying out any excavation within 3 metres of a neighbouring building or structure, or within 6 metres of a neighbouring building where the new foundations will be deeper than the existing foundations. Work that may not specifically be shown but that is reasonably inferred as necessary to carry out the works shown on the drawings is to be carried out by the Contractor as if detailed on the drawings. The General Contractor must be Asbestos Aware & to the latest codes of practice
