4. Description of the Proposal

Please provide a description of the approved development as shown on the decision letter

Works to facilitate the Viking Link electrical interconnector with an approximate capacity of 1400 megawatts (MW) extending from Revsing, Jutland, (Denmark) to Bicker Fen, Lincolnshire (UK) comprising:

- Installation of two (2) subsea high voltage direct current (DC) cables between Mean Low Water Springs (MLWS) and landfall at Boygrift in East Lindsey;
- Installation of two (2) onshore DC cables between the landfall at Boygrift and the converter station at North Ing Drove in South Holland;
- Construction of associated Temporary Construction Compounds (TCC) and Temporary Works Areas (TWA) and temporary vehicle access arrangements required for DC and AC cable installation;
- Erection of converter station buildings together with the formation of internal roads, permanent access road from the A52, erection of security fencing, formation of landscaping with associated temporary construction compounds;
- Installation of up to six (6) onshore high voltage alternating current (AC) cables between the converter station at North Ing Drove and the existing Bicker Fen 400 kilovolt (400kV) Substation owned and operated by National Grid Electricity Transmission Plc (NGET);
- Installation of link pillars along the AC cable route for inspection and maintenance purposes, these will be contained within fenced areas;
- Installation of all associated drainage mitigation works; and
- Installation of fibre-optic cable(s) with the high voltage AC and DC cables

Reference number

H04-0823-17

4. Description of the Proposal

Date of decision (date must be pre-application submission) 08/10/2020

Please state the condition number(s) to which this application relates

Condition number(s)

7 - Construction Environmental Management Plan (incorporating Condition 18 - Point of Contact)
9 - Construction Traffic Management Plan
19 & 29 - Surface and Foul Water (please note no details on foul water have been submitted as none is created by this element of the scheme)
25 & 26 - Landscaping (please note that whilst the specific conditions relate only to the converter station landscaping and do not specify requirements for restoration of the cable route, details of this have been provided for the Council to decide if it wants to discharge them).
32 - Archaeology WSI

Has the development already started? ☐ Yes ☒ No

5. Part Discharge of Conditions

Are you seeking to discharge only part of a condition? ☐ Yes ☒ No

6. Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval
