Planning & Development
21 AUG 2003
Ref: 1167/06

New Dormer Windows to be reinstated in same positions. Size and detailing to match photos of originals as far as possible. (Yorkshire Sliding Sashes. Lead 'Pent Roof with Lead side cheeks.)

Provide New Floor Boards of similar size timber to those being taken out. (Existing are too far gone to be kept.)

Access between spaces is to be thro roof timbers as before. No attempt is to be made to separate spaces. Free access around all roof timbers. Some existing rafters and part of wall p.t. will require restoration due to water damage at 6th of valley.

New Bathroom / En. Suite to be formed with demountable glass/timber partitions fixed to existing roof timbers via removable bolted connections, such that the original roof timbers are not compromised.

DETERMINED PLAN
