

1185-9 Tree Root Barrier

Mill House Farm Roman Bank Fleet Spalding

Proposed agricultural produce store - re-submission of H05-0851-20

PRODUCT DESCRIPTION	PRODUCT SPECIFICATION	CASE STUDIES	
gtRootBarrier 325 is manufactured using a unique coating to make it totally impermeable and is only available in the UK from Green-tech. The 325 root barrier offer a great way of protecting against damage from tree roots and shrub roots, Tree management means that the natural requirements of the tree are combined with the need to protect structures from the root system. We recommend that care is taken in laying the product and if in doubt consult a qualified arborist. Rootbarrier effectively controls the roots whilst protecting the tree roots from pollutants and acids in the soil. This helps the tree to establish quickly and keep it healthy, especially in the first five years of life.
