Application H05-0047-22
Location Mill House Farm Roman Bank Fleet PE12 8LW
Proposal Details of root barrier along southern boundary (Condition 5 of H05-0982-21)

Name Diane Fairchild
Address Conservation Assistant (Tree Preservation) Planning & Development

Date Submitted 25-01-22
For/Against Comments

If the Root Barrier product is correctly fitted what is its life expectancy?

If it has to be renewed every twenty five years or so, how will this be achieved without damaging the trees?

Need Planning Condition on to ensure indefinite continuity of barrier.

Need Planning Condition to ensure that should any trees be damaged in the renewal process so that they are unlikely to survive, or their stability be compromised; that they are replaced, this Condition to last indefinitely.
