The Boston

The Boston's colour scheme is mature but still bang on trend. Blush pink and graphite accented furniture add contrast to the earthy base palette of grey and dark oak, creating a warm and calming space.

It's a home you could truly make your own with a large open plan living space that's ideal for filling with cosy blankets, luscious green plants and personal touches.

If you prefer simplicity, the clean lines of this lodge are a great base for that minimalist decor you've been dreaming of. Extra storage and a cleverly designed layout mean you won't be short of space. Whether you are entertaining the family or on vacation with your furry friends there's plenty of room for everyone.

The Boston offers all the essentials you could want from an entry level holiday lodge - all it needs now is you!
