I give six weeks notice that I intend to carry out the work that I have described below to tree(s) that are not covered by a Tree Preservation Order but situated within a

Conservation Area. Please give the name of the Conservation Area here: - Behind the fence of my garden. Mark "X" on the map attached.

Please draw a sketch plan to show the location of the tree(s), either on the back of this form or on a separate sheet, then tell us...

Species of Tree	Tree ref. number or position on site	Details of the work you propose	Why you think this work is necessary	Proposed replacement tree(s)*
Conifer Tree	12 Trees behind the fence.	Trim the trees in half	During the windy days/ storm the trees sway accross the fence. Also During the last storm 1 big branch fell off the tree and it was still hanging which is hazard. In future if the tree fall on to roof that will cause lots of trouble. (60 to 100 km Storm).	Similar trees (Fir) I will plant 20 trees.

(Separate sheets can be attached if more room is needed)

* If you want to cut down a tree we will usually require you to replace it. Normally we will ask you to plant a young tree (at least 1.5 metres high) of the same species that you have cut down, as near to where the original tree was located as is practicable. Sometimes a comparable species may be allowed instead of the same species. Please give details of the tree(s) you would like to plant as a replacement.
