Amendment: Reduce impact of roof structure, brick up boundary window to south (Drawing no: 347/2A)

01-MAY-96

Dear Sir/Madam

TOWN AND COUNTRY PLANNING ACT 1990
NOTICE OF ACCEPTANCE OF AMENDMENT

The amended details submitted in respect of the above proposal have now been considered, and I am able to inform you that the changes are able to be incorporated into application, which will now be considered only in its amended form. You are reminded that revision may also be needed to any submission made under the Building Regulations.

In view of the need to repeat certain procedures as a result of the amendment, the terminal date for the Authority to determine the application will now be extended to 19-JUN-96, based on the date of receipt of the amendment, and your rights of appeal remain as explained on the original acknowledgement. It will not necessarily take that length of time to reach a decision of course.

If you do not agree to this extension of time and wish instead to have your application dealt with more quickly but on the basis of the original submission, please let me know in writing within the next 5 days.

Yours faithfully

Director of Housing and Planning Services

HDS/322/96

Dear Madam

MR AND MRS J READ
FORMER DAIRY, WINSLOW GATE, FLEET

Mr and Mrs Read have requested a number of minor revisions to the recently submitted scheme. These are shown on drawing 347/2A highlighted in yellow which supercedes submitted drawing 347/2.

The alterations principally reduce the impact of the roof structure by lowering the eaves on the front elevation and the ridge and by incorporating the porch in the overall pitched roof profile. In addition the boundary window to the south elevation is to be bricked up and minor revisions are being made to the plan.

I should be grateful if you would take the opportunity to revise the description of the proposed development to include the rendering of the dwelling walls and the replacement UPVC windows which were shown on the drawings but not listed on the application form. The rendering is necessary to waterproof the existing brickwork.

If you have any questions please do not hesitate to call me.

Yours faithfully

Andrew N Cooper.
