DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be reused, amended, photographed or reproduced by any other person either from the print or its issued file. The Owner of this drawing is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including dimensions and levels are to be checked on site by the contractor before any work commences. Any work executed prior to the approval of all necessary consents is at the risk of the contractor. Any variations are to be submitted to the Architect on their discovery and may be unacceptable. Site and workshop visits are recommended by the Architect at key stages of the contract. Failure to comply with any conditions or instructions issued by the Architect as a result of his visits may render the contractor liable to action by the Employer. This drawing is limited to the amount of information contained and does not purport to provide a full specification of the works. It is issued for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G.R.Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, supervision of materials, adherence to specification, variations to contract etc.

All materials to be new unless otherwise stated and all components and materials etc. to be used fixed and installed etc. in strict accordance with manufacturers instruction and current code of practice, business and conditions to appropriate British standard specification or BBA certificate or European equivalent. The Employer / Client shall ensure that the selected contractor is competent and has the necessary resources, experience and organisational ability to undertake the project. Contractors are directly liable and must ensure that all their employees and sub-contractors are suitably trained and competent to carry out the work safely with the Construction (Design and Management) Regulations in mind. Planning Supervisor will be required. This works shall comprise of all that is shown on the drawing and details. Work that may not be shown but may be reasonably inferred as necessary for the
