Name	Glen Chapman
Address	Environmental Services South Holland District Council
Date Submitted	27-06-19
For/Against	Comments

Access roadways to all residential properties should be constructed to an adoptable standard under an agreement with Lincolnshire County Council so that they will become public highways. This will enable refuse / recycling / garden waste (where applicable) collections to be carried out from outside individual properties without the need for communal collection points at the point where private access roadways adjoin public highways.

Should it be agreed that the access roadway on this development is to remain in private ownership then the residents will need to present their refuse / recycling / garden waste (where applicable) at the point where the access roadway adjoins Fleet Road.
