The submitted Heritage Impact Assessment is thorough and detailed and considers the potential impacts upon Heritage Assets from distances of circa 30 - 250m distance and finds that the impacts are likely to be negligible to none due to the intervening buildings which block all views to/from the site and Heritage Assets with an overall conclusion on Heritage Assets as 'negligible'.

I agree with the findings of the HIA.

I conclude that there is no reason on Heritage grounds to resist the application.

Archaeology will be dealt with by LCC HER.
