Amendment: Revised site layout. (Dwg.nos. 5019641AA/003/4001revB; /4002revB & 5018605AA/004/4201revA

Letter Sent: 28-OCT-03

Dear Sir/Madam

ACKNOWLEDGEMENT OF AMENDMENT

I acknowledge receipt of the amended details in respect of the above and confirm that the changes are able to be incorporated in the application which will now **only be considered in its amended form**.

As a result of the need for the Authority to repeat certain procedures because of the amendment, the period for determining the application has been extended to 18-OCT-03.

Your rights of appeal remain as explained on the original acknowledgement.
If you do not wish to agree to the extended time period and would rather have the application determined more quickly but on the basis of the application as originally submitted, please let me know in writing within the next 5 days.

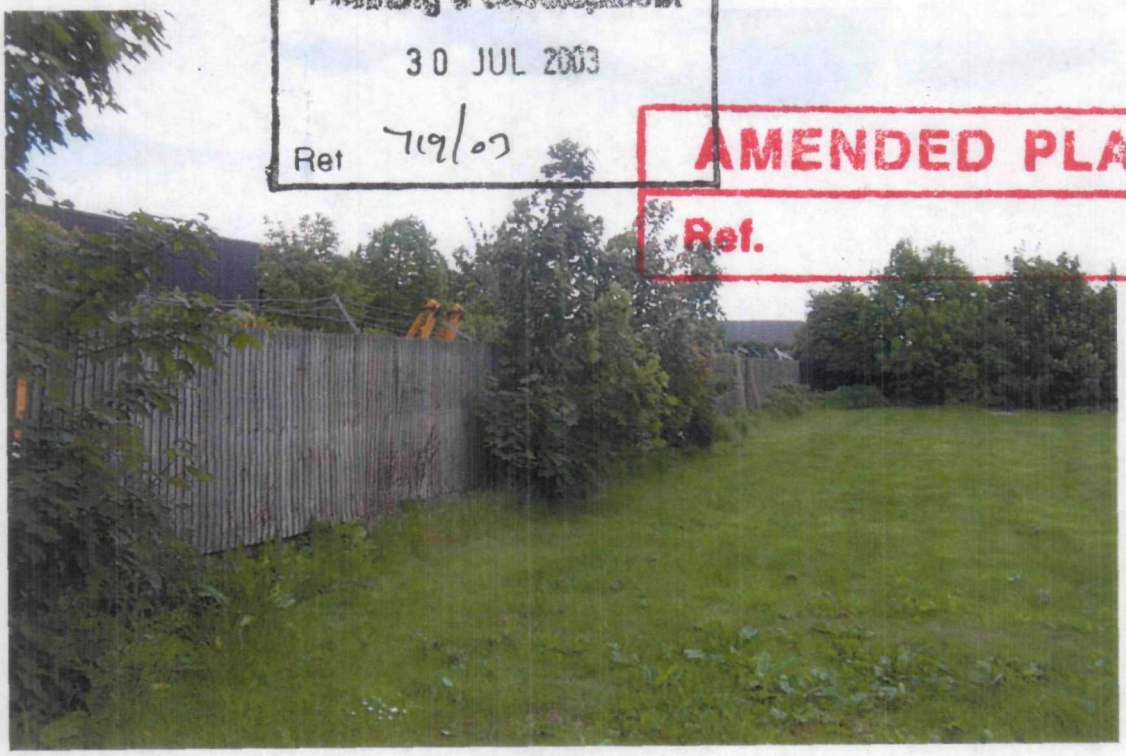

You are reminded that revision to any submission made under the Building Regulations may also be necessary.

Yours faithfully

AMENDED PLAN
Ref.

Dear Mr Gedney,

Re: Planning Applications H05/0719/03 & HO5/0720 Holbeach House, Holbeach, Lincolnshire.

I am writing in respect of your letter dated 22 July 2003.

Craegmoor have written to you directly regarding supervision of residents, alleged disturbances and meeting with local residents.

Regarding the remaining points raised in your letter we comment as follows:

- Adjacent general industrial use. The existing close boarded fence between the two sites will be replaced by a brick wall of the same height. All windows in the new building will consist of double glazed units with two layers of 6.4mm glass. These measures will ensure that this new building will have a greater acoustic separation from the potentially noisy industrial site than the existing care home or the surrounding houses and therefore the addition of this building will not increase the likelihood of complaints from neighbours due to noisy operations on site. Having said this staff in the existing care home state that there is currently no noise nuisance from the industrial site and they have no recollection of ever making any complaints with regard to noise.

- Use of existing building. I can confirm that permission is sought for 20 private residential units (not multiple occupancy) and that the intention is to sell the building to another developer for this purpose. The site will be separated from the healthcare facilities at the rear by screening. We are proposing a 1.8m high close boarded fence. We show this on the enclosed revised drawing 5019641 AA/ 003/4002A.

- Loss of main staircase. Retention of the main staircase implies replacing 3 well laid out flats in the front of the building with either 3 flats with substandard layouts or a 5 bedroomed house with no garden. The three flats at the rear of this stair would become overlong and unattractive. The purpose of obtaining a change of use is too encourage a developer to put the building back into use and therefore we have only proposed viable units. Whilst we can appreciate the concept of retaining the existing main stairway the actual existing main staircase itself is not an original feature of the building. As the plans show we have taken care to arrange the layout in such a way as to retain all the stone staircases in the building as these are of course original features. We therefore propose not to amend the existing layout . I trust that this is acceptable.

- Trees. Since making the application we have looked into the design in more detail. We are now intending to remove 5 trees as part of the proposals for the new low secure unit. These are shown on drawing 5018605 AA / 004/ 4202A. I also enclose photographs of these trees for your information. We assume that these trees are not subject to tree preservation orders.

- Parking. We have rearranged the parking away from the weeping ash in the centre of the driveway at the front of the building and we trust this alternative provision is acceptable.

I confirm our conversation that any change of use of the existing building only comes into effect once it is implemented. That is the existing C2 use class would still be effective until the building is used for C3 use class.

Could you please substitute the drawings submitted with the original application with the ones enclosed with this letter of the next revision.

I have advised Craegmoor of the main people who have been making representations and also the local councillors.

We understand that you are going out to consultation again and would like to re-emphasis that we would like this application determined at the earliest possible date.

Thank you for your assistance.

Yours Sincerely

Mark Palmer
