TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference:	H05-0767-26	**Date of Decision:**	9th October 2026
Applicant:	Mr Baker C/O Swann Edwards Architecture Limited Black Barn Fen Road Guyhirn PE13 4AA		
Location:	Harrington Hall Farm Little Marsh Lane Fleet Spalding		
Description:	Conversion & extension of existing building to form 1 self build dwelling including change of use from agricultural to garden		

South Holland District Council, in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended), hereby give notice that permission has been GRANTED (or equivalent) for the development referred to above, subject to the following condition(s):

1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans and/or documents:

PP1000 Rev D - Site & Location Plans
PP1100 Rev D - Floor Plans & Elevations
26-017 - Ecological Impact Assessment
ECL1377-2a - Flood Risk Assessment

Reason: For the avoidance of doubt and in the interests of proper planning.

3 The brickwork and roofing tiles of the development hereby permitted shall match as closely as possible those of the existing building within the site.

Reason: In the interests of the architectural and visual integrity of the overall development and the visual amenity of the area in which it is set, including the non-designated heritage asset within the site.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and Sections 14 and 20 of the National Planning Policy Framework, August 2026.

4 Prior to its installation, details of the proposed boundary treatments, including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use and retained thereafter.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.
This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

5 Prior to the commencement of any development hereby permitted, a phased programme of mitigation work shall be carried out, comprising an historic building recording of the affected building, in accordance with Historic Englands document: Understanding Historic Buildings: A Guide to Good Recording Practice (2016).

The scope and level of recording shall be proportionate to the significance of the building(s) and the extent of works proposed, and shall be defined within a Written Scheme of Investigation (WSI) to be submitted to and approved in writing by the Local Planning Authority.

The building recording shall normally include:
1. A general view or views of the building in its wider setting.
2. The building's external appearance.
3. The overall appearance of the principal rooms and circulation areas.
4. Any external or internal detail, structural or decorative, which is relevant to the building's design, development and use, with scale where appropriate.
5. Any machinery or other plant, or evidence for its former existence.
6. Any dates or other inscriptions; any signage, makers' plates or graffiti which contribute to an understanding of the building. A transcription should be made wherever characters are difficult to interpret.
7. Any fixtures and fittings

DC_FINAL_DECISION - ODB:14

8. Copies of maps, drawings, views and photographs, present in the building and illustrating its development or that of its site.

This photographic building recording shall also contain a written account which provides: the precise location of the property (as an address and in the form of a National Grid Reference), a note of any statutory designations, the date of recording (with the name(s) of the recorder(s)) and the location of any archive material.

Thereafter, the photographic building recording report shall be submitted to and approved in writing by the Local Planning Authority, and submitted to the Lincolnshire County Council Historic Environment Record for archiving within 3 months of completion.

Reason: To ensure that the heritage significance of the affected building is appropriately recorded in their undeveloped state.
This Condition is imposed in accordance with Section 20 of the National Planning Policy Framework, August 2026.

6 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment (ECL1377-2a) forming part of this planning application. In particular, the following measures shall be fully implemented before the property is first occupied:

- The finished floor levels shall be 0.3m above the surrounding ground levels; and
- 0.3m of flood resilient construction shall be included above the finished floor levels.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.
This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and Section 18 of the National Planning Policy Framework, August 2026.

7 Before any development beyond oversite is commenced, full details of the proposed soakaway system for the disposal of surface water from the development hereby permitted, including percolation test results, shall be submitted to and approved in writing by the Local Planning Authority.

This shall include the calculations undertaken to determine the volume of storage required. Should the percolation test results be considered unacceptable by the Local Planning Authority, details of an alternative means of providing for surface water drainage shall be submitted for consideration and approved by the Local Planning Authority.

The approved means of surface water drainage shall be implemented in full before the development hereby permitted is first brought into use.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.
This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and Section 18 of the National Planning Policy Framework, August 2026.

DC_FINAL_DECISION - ODB:14

8 Before any development beyond oversite is commenced, details of the means of foul water disposal shall be submitted to and approved in writing by the Local Planning Authority. The details so approved shall be implemented in full before the development hereby permitted is first brought into use.

Reason: To ensure that the site is adequately drained and to avoid pollution.
This Condition is imposed in accordance with Policy 30 of the South East Lincolnshire Local Plan, 2019.

9 The development hereby permitted shall be carried out wholly in accordance with the mitigation recommendations contained within the Ecological Impact Assessment (26-017) including the following measures:

- At least 1 nest brick; and
- At least 1 bat box

The above referenced measures shall be installed prior to the occupation of the development and shall thereafter be retained.

Reason: To allow for adequate provision for species.
This Condition is imposed in accordance with Policy 28 of the South East Lincolnshire Local Plan, 2019, and Section 19 of the National Planning Policy Framework, August 2026.

10 Notwithstanding the provisions of Schedule 2, Part 1, Class A and Class D of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order or Statutory Instrument revoking and re-enacting that Order), no enlargement, improvement or other alteration to the dwellinghouse, and no construction of a porch, other than those illustrated on the plans and forming part of the application hereby authorised by this permission, shall be carried out without planning permission first having been granted by the Local Planning Authority.

Reason: To ensure that the Local Planning Authority retains control over the future development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.
This Condition is imposed in accordance with Policies 1, 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, August 2026.

11 Notwithstanding the provisions of Schedule 2, Part 2, Class A of the Town and Country Planning (General Permitted Development) Order 2015 as amended, (or any Order or Statutory Instrument revoking and re-enacting that Order), no walls, fences, gates or other means of enclosure, other than those illustrated on the plans forming part of the application hereby approved shall be erected on the site, without Planning Permission first having been granted by the Local Planning Authority.

Reason: To ensure that the Local Planning Authority retains control over means of enclosure, in the interests of the appearance of the development and the visual amenity and character of the area within which it is set.

DC_FINAL_DECISION - ODB:14

This Condition is imposed in accordance with Policies 1, 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, August 2026.

12 Notwithstanding the provisions of Schedule 2, Part 1, Class E of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order or Statutory Instrument revoking and re-enacting that Order), no building, enclosure, swimming pool, other pool, or container used for domestic heating purposes, shall be constructed within the curtilage of the dwellinghouse, without Planning Permission first having been granted by the Local Planning Authority.

Reason: To ensure that the Local Planning Authority retains control over the future development, additions and alterations, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.
This Condition is imposed in accordance with Policies 1, 2 and 3 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, August 2026.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

Should unexpected contamination be discovered on the site at any time, the applicant is advised to stop development and to contact the District Council's Environmental Protection department immediately.

Your attention is drawn to the letter from South Holland Internal Drainage Board dated 28th August 2026. You are advised of the need to comply with the requirements of the Drainage Board, which are covered by their own Bye-laws. You are further advised that any future amendments to this application and/or compliance with Conditions must also respect those Bye-laws. Please contact the Drainage Board directly for further information.

Biodiversity Net Gain

The applicant's attention is drawn to the following Biodiversity Net Gain requirement.

The effect of Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 is that planning permission is deemed to have been granted subject to the "biodiversity gain condition". The effect of this "biodiversity gain condition" is that development granted by this notice must not begin unless:

(a) a Biodiversity Gain Plan has been submitted to the planning authority, and

(b) the planning authority has approved the plan, or

(c) the development is exempt from the biodiversity gain condition.

For guidance on the contents, in respect of the details that must be submitted and agreed by the Local Planning Authority, prior to the commencement of the consented development, please see the GOV.uk website and Planning Practice Guidance.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at
https://www.gov.uk/guidance/biodiversity-net-gain.

Based on the information available and submitted in support of this application, the Local Planning Authority considers that the development hereby permitted is exempt and therefore will not require the approval of a biodiversity gain plan, prior to the commencement of development; with the development comprising a statutory exemption as listed below: -

The site area is under 0.2 hectares and there is no priority habitat within the site.

As such, the development hereby permitted will not be subject to the biodiversity gain condition.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

For clarity the LPA do not consider that irreplaceable habitats are present at this site.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

Effect of Section 73(2D) of the 1990 Act

Under Section 73(2D) of the Town and Country Planning Act 1990 (as amended) where

(a) a biodiversity gain plan was approved in relation to the previous planning permission ("the earlier biodiversity gain plan"), and

(b) the conditions subject to which the planning permission is granted:

(i) do not affect the post-development value of the onsite habitat as specified in the earlier biodiversity gain plan, and

(ii) in the case of planning permission for a development where all or any part of the onsite habitat is irreplaceable habitat within the meaning of regulations made under paragraph 18 of Schedule 7A, do not change the effect of the development on the biodiversity of that onsite habitat (including any arrangements made to compensate for any such effect) as specified in the earlier biodiversity gain plan.

- the earlier biodiversity gain plan is regarded as approved for the purposes of paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) in relation to the planning permission.

Phil Norman
Assistant Director - Planning and Strategic Infrastructure
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control team for further information on 01775 764557 or bcadmin@sholland.gov.uk

BUILDING REGULATIONS 2010:
The plans given approval as part of this application, may require the provision of additional information or amendment to show compliance the relevant requirements of the Building Regulations 2010. Typical circumstances include, highly glazed extensions achieving compliance with requirement L1 (Conservation of fuel and power) which may influence the areas of glazed elements/ building elevations, or requirement B1 (Means of warning and escape) which may influence an internal layout for fire safety purposes. Please contact the Building Control team for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

https://www.gov.uk/appeal-householder-planning-decision

https://www.gov.uk/appeal-planning-decision

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planning inspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: **https://appeal-planning-decision.service.gov.uk/before-you-start**. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in

giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
