Description of Proposed Works

Please describe the proposed works

We would like to be able to keep our fencing which runs along the front boundary of our property. We have replaced the trees which were originally there when we purchased the property, with high wooden fencing. This also includes gates to enter the property which start on the boundary line, and then angle in towards our property. These works were completed without us being aware that we needed planning permission. It has now been brought to our attention, and we would like to apply to be able to keep it.

We would really appreciate it if we are allowed to keep our fencing. We put this up for many reasons, including the safety of our young children and our dogs, as well as providing a wind and sound barrier for our home. I am also now starting up a childminding business, so I feel the fencing would be extremely beneficial for keeping other children safe and protected from the road. It will also allow us to have privacy, which after speaking to many parents, this was very much appreciated. We are also aware that there has been many accidents along Fleet Road, and our next door neighbour had a car go through their hedge row only a couple of months ago. We feel that the fence is a good barrier to try and provide an extra bit of safety to our property.
We do apologise for not gaining permission for the fencing, we generally had no idea it was required until recently. However I am hoping our permission will be granted so the fencing can stay.
