TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference:	H05-0890-21	**Date of Decision:**	19th January 2022
Applicant:	Mrs E Edwards C/O Peregrines Rest Hallgate Gedney Spalding PE12 0AJ		
Location:	Adj. The Chestnuts Church End Fleet Spalding		
Description:	Proposed residential development for one house		

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:
1:1250 Location Plan;
SD21-026/1B;
SD21-026/2;
Heritage Impact Assessment by Neville Hall dated August 2021;
Preliminary Ecological Appraisal by CGC Ecology dated October 2021.

Reason: For the avoidance of doubt and in the interests of proper planning.

3 Notwithstanding the submitted details a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority before development is commenced beyond oversite. The development shall be constructed in accordance with the materials so approved.

Note: the external materials should be a red stock brick and natural slate or terracotta pantiles on the roof.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the appearance of the development, and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

4 Before the commencement of the development hereby permitted beyond oversite, the approval of the Local Planning Authority is required to a scheme of landscaping and tree planting for the site (including screening of bin collection points) indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The submitted landscaping proposals shall demonstrate that Biodiversity Net Gain will be achieved on site, using the Biodiversity Metric 3.0 (or any successor).

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set, and that Biodiversity Net Gain will be achieved.
This Condition is imposed in accordance with Policies 2, 3 and 28 of the South East Lincolnshire Local Plan, 2019 and the Environment Act 2021.

5 Details of the window frames to be utilised in the development hereby permitted shall be submitted to and approved in writing by the Local Planning Authority prior to their installation. Such details shall indicate, at a scale of not less than 1:10, the longitudinal and cross-sectional detailing (including reveals), cill and lintol detailing, and means of opening. The window frames shall be installed in accordance with the approved details and thereafter so maintained.

Note: the windows on the front elevation and side gable shall be sliding sash.

Reason: To ensure that the Local Planning Authority retains control over these details of the development in the interests of the appearance of the development, and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the

National Planning Policy Framework, 2021.

6 All new window frames, glazing bars and external door frames on the front elevation and side gable shall be of timber construction, painted white or cream and thereafter so maintained.

Reason: In the interests of the architectural composition and appearance of the development and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

7 Details of the design of all external doors and door frames to be utilised in the development hereby permitted shall be submitted to and approved in writing by the Local Planning Authority prior to their installation. Such details shall indicate, at a scale of not less than 1:10, the longitudinal and cross-sectional detailing (including reveals), threshold and lintol detailing, and means of opening. The front door shall be constructed in timber. The doors and door frames shall be installed in accordance with the approved details and thereafter so maintained.

Reason: To ensure that the Local Planning Authority retains control over these details of the development in the interests of the appearance of the development, and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

8 The rainwater goods utilised in the development hereby permitted shall be coloured black and of metal construction and thereafter so maintained.

Reason: In the interests of the appearance of the development and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

9 The guttering to the development hereby permitted shall be fixed to the external walls by means of gutter spikes/rise and fall brackets and no fascia boarding shall be used.

Reason: In the interests of the architectural composition and appearance of the development and the character and visual amenity of this part of the Conservation Area in which it is set.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

10 Notwithstanding the approved drawings, large scale details (at a scale of at least 1:20) of the following features shall be submitted to and be approved in writing by the Local Planning Authority and no work to which they relate shall commence in advance of that approval. These details shall provide for a cross sectional detailed drawing at 1:20 scale

DC_FINAL_DECISION - ODB:14

for each feature and the development shall be constructed in accordance with the details so approved:
- eaves and verges;
- chimney stacks.

Reason: To ensure that the Local Planning Authority retains control over these details of the development in the interests of the appearance of the development, and the character and visual amenity of this part of the Conservation Area in which it is set. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies 2, 3 and 29 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

11 No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed mitigation strategy (i.e. preservation by record, preservation in situ or a mix of these elements).
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis
4. Provision for publication and dissemination of analysis and records
5. Provision for archive deposition
6. Nomination of a competent person/organisation to undertake the work
7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.
The archaeological site work shall only be undertaken in accordance with the approved written scheme.

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

12 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 11 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

13 A copy of the final report required in connection with Condition 11 above shall be

DC_FINAL_DECISION - ODB:14

submitted within three months of the work being carried out to the Local Planning Authority and the Lincolnshire Historic Environment Record. The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording of possible archaeological remains in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.
This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

14 Before the commencement of the development hereby permitted beyond oversite full details of ecological biodiversity measures to be installed in conjunction with the development shall be submitted to and approved in writing by the Local Planning Authority. The measures shall be constructed and retained in accordance with the details so approved.

Note: Development can incorporate a number of simple, low-cost measures to deliver biodiversity benefits and enhance priority habitats and species, such as, the use of bat and barn owl roost boxes and integrating nesting opportunities into buildings. The use of swift bricks on new developments would help minimise the decline in swifts, a priority species.

Reason: To ensure that the development is able to deliver a net gain in biodiversity.
This Condition is imposed in accordance with Policy 28 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in the National Planning Policy Framework, 2021.

15 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA).

The scheme shall include all of the following measures unless the LPA dispenses with any such requirement in writing:
i) A preliminary risk assessment (desk study) shall be carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). A full copy of the desk-top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
ii) If identified as being required following the completion of the desk-top study, an exploratory site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed end use. A full copy of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) Thereafter, a written method statement detailing the remediation strategy for land

DC_FINAL_DECISION - ODB:14

contamination and/or pollution of controlled waters affecting the site and a timetable for their completion shall be submitted to and approved in writing by the LPA. This shall include details of the proposed verification plan including compliance criteria and monitoring details.

No deviation shall be made from this scheme without the express written agreement of the LPA. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspected contamination has been submitted to and agreed in writing by the LPA.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy 30 of the South East Lincolnshire Local Plan, 2019.

16 If contamination of land and/or pollution of controlled waters has been identified as a result of investigation undertaken in accordance with Condition 15 above and remediation is required, a full copy of a verification report shall be submitted to, and approved in writing by, the Local Planning Authority prior to the first occupation of the development. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation objectives and criteria has been fully met.

Note: The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.

Reason: To ensure the satisfactory remediation of contaminated land and/or waters.
This Condition is imposed in accordance with Policy 30 of the South East Lincolnshire Local Plan, 2019.

17 The water consumption of the dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of the dwelling.

Reason: To protect the quality and quantity of water resources available to the district.
This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this

application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application. For approval and specification details, please contact vehiclecrossings@lincolnshire.gov.uk

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

Phil Norman
Planning Manager
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planning inspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: https://www.gov.uk/planning-inspectorate. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
