Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

We have prior approved listed building consent (see H05-0232-19) to re-build our grade 2 two storey barn due the roof having collapsed in high winds in October 2018. We would like to give the barn a new use, and convert it into an annex for use for my son in the future who has learning disabilities. In addition to this we would like to replace a mono pitch fibre cement roof on the adjoining packing shed with a pantile pitched roof to be sympathetic to the two storey barn.

Building Control has requested that we change the window position in the gable facing towards the packing shed to a lower level, so it can be used as an escape window. Please see revised drawings for that window.
