TOWN AND COUNTRY PLANNING ACT 1990

OUTLINE

Reference: H05-1118-18 **Date of Decision:** 20th December 2018

Applicant: D & R Property Services Ltd
C/O Robert Doughty Consultancy Ltd
32 High Street
Helpringham
Sleaford Lincs
NG34 0RA

Location: Land Off Fleet Road Fleet Hargate Spalding

Description: Erection of 6 dwellings with means of access

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun before the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans and documents:
Application Form
Location Plan 1308-3_OP_LP01
Site Plan 1308-3_OP_SP01
Proposed Block Plan 1308-3_OP_BP01
Design and Access Statement 1308-3 DAS CN LMS
Flood Risk Assessment RM Associates November 2018 Version 1

Reason: For the avoidance of doubt and in the interests of proper planning.

3 The following matters are reserved for subsequent approval by the Local Planning Authority and no development to which these matters relate shall be carried out until these matters have been approved, viz:

i) detailed drawings of the estate layout to a scale of not less than 1:500 and including road and plot layouts;
ii) detailed drawings to a scale of not less than 1:100 showing the siting, design and external appearance of each building, including a schedule of the materials to be used for external walls and roof;
iii) the siting and design of any vehicular access to a highway or estate road;
iv) the means of foul and surface water disposal;
v) details of landscaping and tree planting;
vi) the existing and proposed site levels and floor levels of the buildings and hard surfaced areas.

Reason: The application was submitted in outline only and the above details are required to enable the Local Planning Authority to assess the detailed design, scale, appearance and layout of the development as well as ensure that appropriate access and services are provided to serve the development.
This Condition is imposed in accordance with Policies SG12, SG13, SG14 and SG18 of the South Holland Local Plan, 2006 and national guidance contained in Section 12 of the National Planning Policy Framework, 2018.

4 When application is made to the Local Planning Authority for approval of reserved matters, that application shall be accompanied by a scheme of landscaping and tree planting indicating, inter alia, the number, species, heights on planting and positions of all trees in respect of the land to which that application relates, together with details of post-planting maintenance and such a scheme shall require the approval of the Local Planning Authority before any development is commenced. Such scheme as is approved by the Local Planning Authority shall be carried out in its entirety within a period of twelve months beginning with the date on which development is commenced. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a landscaping scheme for the development.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006.

5 Prior to its installation, details of the proposed boundary treatment/screening, including a schedule of materials, and details of the size and species of any hedging, shall be

submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use.

Reason: In the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

6 No dwelling shall be commenced before the adoptable carriageway on this development has been constructed to binder course level in accordance with details to be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure site construction vehicles and the vehicles of construction personnel can be parked off the adjacent public highway and to ensure that construction materials can be unloaded and stored off the adjacent public highway in the interests of protecting the safety and free passage of those using the public highway and in the interests of protecting the amenity of neighbouring residents.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

7 Before any dwelling is occupied, all of that part of the estate road and associated footways that forms the junction with the main road and which will be constructed within the limits of the existing highway, shall be laid out and constructed to finished surface levels in accordance with details to be submitted and approved in writing by the local planning authority.

Reason: In the interests of highway safety to ensure that no trip hazards are created by materials and street furniture set to dissimilar levels within the public highway.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

8 Before each dwelling is occupied, the road and footway providing access to that dwelling, for the whole of its frontage, from the existing public highway, shall be constructed to binder course level. The carriageway and footways surface courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling.

Reason: To provide an acceptable standard of vehicular and pedestrian access to the permitted dwellings during the construction process.
This Condition is imposed in accordance with Policy SG15 of the South Holland Local Plan, 2006.

9 No development shall take place until a surface water drainage scheme for the site, based on sustainable urban drainage principles and an assessment of the hydrological and hydrogeological context of the development, has been submitted to and approved in writing by the Local Planning Authority.

The scheme shall:
a) Provide details of how run-off will be safely conveyed and attenuated during storms up to and including the 1 in 100 year critical storm event, with an allowance for climate

change, from all hard surfaced areas within the development into the existing local drainage infrastructure and watercourse system without exceeding the run-off rate for the undeveloped site;
b) Provide attenuation details and discharge rates which, unless agreed otherwise with the surface water receiving body, shall be restricted to 1.4 litres per second per hectare;
c) Provide details of the timetable for and any phasing of implementation for the drainage scheme; and
d) Provide details of how the scheme shall be maintained and managed over the lifetime of the development, including any arrangements for adoption by any public body or Statutory Undertaker and any other arrangements required to secure the operation of the drainage system throughout its lifetime.

The development shall be carried out in accordance with the approved drainage scheme and no dwelling shall be occupied until the approved scheme has been completed or provided on the site in accordance with the approved phasing. The approved scheme shall be retained and maintained in full in accordance with the approved details.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG11 and SG12 of the South Holland Local Plan, 2006 and national guidance contained in Section 14 of the National Planning Policy Framework, 2018.

10 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment forming part of this planning application, unless otherwise agreed in writing by the Local Planning Authority. In particular the following measures shall be fully implemented before the property is first occupied:
- Finished floor levels shall be set at 3.47m AOD;
- The dwellings shall be two storey.

Note: Future occupants are advised to sign up to the Environment Agency's free Floodline Warnings Direct Service.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.
This Condition is imposed in accordance with national guidance contained in Section 14 of the National Planning Policy Framework, 2018.

11 Details of the means of storage and disposal of refuse and recycling shall be submitted to and be approved by the Local Planning Authority and the development shall not commence in advance of that approval. The approved scheme shall be fully implemented before any dwelling to which it relates is occupied and shall thereafter be retained.

Reason: To ensure that adequate facilities are made available for refuse storage and disposal to avoid pollution, to protect residential amenity, and in the interests of the appearance of the site and the area within which it is set. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG13 and SG17 of the South

Holland Local Plan, 2006.

12 The development hereby permitted shall not be commenced until either:

A) The site is investigated the site for landfill gas to the satisfaction of the Local Planning Authority , to ascertain whether gas protection measures are required. Where measures are required the details shall be submitted to, and approved by, the Local Planning Authority.
OR
B)The applicant shall install gas protection measures as a precautionary measure without first investigating the site. The details of these measures shall be submitted to, and approved by, the Local Planning Authority .
c) For a) and b) all required measures shall be installed before the development is first occupied.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan, 2006.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

All or part of the highway to be constructed in accordance with planning approval hereby granted is to be constructed to an adoptable standard and subsequently maintained at public expense. It is necessary for the developer to comply with the Lincolnshire County Council Development Road Specification in accordance with a Section 38 (Adoption of highway by agreement) or Section 219 (the Advance Payments code) of the Highways Act 1980. You are reminded of the need for early discussions with statutory undertakers to co-ordinate the laying of services under highways to be adopted by the Highway Authority. Please contact 01522 782070 or developmentmanagement@lincolnshire.gov.uk

Any private drive should be constructed to take the weight of a Fire Appliance. Under the Building Regulations it is recommended that householders should not carry refuse more than 30m to a collection point so advice should be sought from the refuse collection department.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Phil Norman
Planning and Building Control Manager
South Holland District Council

BUILDING REGULATIONS:
This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

All appeals must be made using an Appeal Form which you can get from The Planning Inspectorate at Temple Quay House, 2 The Square, Bristol, BS1 6PN (tel: 0303 444 5000) or you can submit your appeal online at:

http://www.planningportal.gov.uk/planning/appeals/online/makeanappeal

The Secretary of State can allow a longer period for giving notice of an appeal but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the

provisions of the development order and to any directions given under the order. In practice the Secretary of State does not refuse to consider appeals solely because the Local Planning Authroity based its decision on a direction given by him.

For detailed information on appeals, appeal types and guidance on the appeals process please visit:

http://www.planningportal.gov.uk/planning/appeals/planningappeals

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
