Dear Mr McClure,

RE: Erection of Interpretation Panel on Sea Bank at Holbeach AWR

In accordance with the requirements of the Town and Country Planning (Development Procedure) Order 2010, please find enclosed notice of the above planning application, duly submitted to South Holland Council today.

The application seeks permission for the erection of an interpretation panel on a small section of the sea bank within AWR Holbeach.

The erection of the interpretation panel is a joint project between Holbeach AWR Conservation Group and the Wash and North Norfolk Coast European marine site management scheme project. The objective is for the board to provide key information on the history of Gedney Parish / Holbeach AWR and the conservation features of The Wash. This project has received financial grants from Gedney Windcluster Trust, a consortium of local parish Councillors and The Wash and North Norfolk Coast European Marine site management scheme project.

Please do not hesitate to contact me should you wish to discuss matters in more detail.

Yours sincerely,

Sharron Bosley

Project Manager
The Wash and North Norfolk Coast European Marine Site Management Scheme Project

Enc. Notice Under Article 11, Town and Country Planning (Development Management Procedure) Order 2010
