Name	Sue Armour
Address	Environmental Protection Officer South Holland District Council

Date Submitted	18-06-18
For/Against	Comments

I request that supporting information in the form of a desk study be submitted for review prior to determination. This is due the potential for a large area of possibly backfilled land to be present on site. Dependant on the risk assessment findings it may be necessary to undertake some site investigation before determination as well, although it may be possible to condition this, we won't know until the time comes.
