Details of the pre-application advice received

Further to our conversation yesterday, as discussed, the Council are minded within the next week to formally decline to determine the application you submitted at the end of January pursuant to Section 70C(1) of the Town and Country Planning Act 1990. This decision follows a conversation with the Environment Agency who've indicated that they maintain their objection to the proposal. We therefore invite the applicant to withdraw their application in writing within the next week, with the fee to be refunded in full. In the event that you have further information relating to flood risk or other matters, you may look to resubmit the application in future which we might accept to determine, but I must stress we can make no promises, and any new application would be considered in the usual way at that time and, after consideration, the Council may still be entitled to decline to determine the application. Ahead of this, we would strongly suggest you make contact with the Planning department for pre-application discussions prior to submitting the application. We also discussed whether it would be more sensible to apply for 5 family pitches as per the original application, rather than 2 pitches, if this is what your client actually requires. This will ultimately be your clients decision and as local planning authority we would consider the application before us at the time, and decide whether to determine the same and if so, progress accordingly. In the meantime, whilst you consider this further, I can confirm that we won't be taking steps to prosecute for non-compliance with the enforcement notice until the end of May 2023. I can also assure you that should the Council agree to validate and determine a resubmitted application (and not exercise its power under Section 70C(1)), we wouldn't take further action with respect to the current enforcement notice whilst any such application is being determined.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

⊘ No

Certificate Of Ownership - Certificate A

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**
