PART 1

East Midlands Electricity Application Number **EM/P/38**Date **2 May 2001**
To the Chief Executive Planning Department **South Holland District Council**

Dear Sir

Electricity Act 1989

Application is being made to the Secretary of State for Energy for his consent to the development described overleaf. The Secretary of State will at the same time be requested to direct that planning permission for this development shall be deemed to be granted. The consent and the direction may be given subject to conditions.

To assist the Secretary of State to determine the application the District/Borough Council is requested to return to me two copies of this Form with Part I Certificate and Part II completed and signed with plans.

Department of the Environment Circular 14/90 (Welsh Office Circular 20/90)[Department of Energy Circular 1/90] describes this procedure and the reason for it.

Yours faithfully
For and on behalf of East Midlands Electricity.

S. Keane

PARTICULARS OF PROPOSED DEVELOPMENT AND REPRESENTATIONS

(To be completed by East Midlands Electricity)

Application is being made:

(a) for consent under section 37 of the Electricity Act 1989 to install or keep installed an electric line above ground;

(b) for a direction under section 90(2) of the Town and Country Planning Act 1990 that planning permission for the proposed development be deemed to be granted.

1. Particulars of proposed development. (These particulars should be accompanied by such plans as may be necessary to enable the local planning authority to identify the land affected by the proposals and to appreciate the nature and extent of the proposed development and by a copy of the environment statement if the applicant has prepared one.)

   East Midlands Electricity is proposing to erect the proposed 11kv overhead line on wood poles in the parish of Gedney with a tolerance of 30m either side of the route shown on the attached plan number EM/P/38.
   The works are required to provide a new 11kv spur to Middle Drove Farm.

2. Particulars of any representations of objections which have been made to East Midlands Electricity.

3. Particulars of the applicant's compliance with his duty under paragraph 1 of Schedule 9 to the Electricity Act 1989.

   In order to cure a substantiated voltage complaint it is proposed to erect a new 11kv overhead line and transformer to supply the properties at Middle Drove Farm. This will allow for the removal of 330m of existing low voltage overhead line. The existing overhead services to the properties at the farm will be replaced with underground services.
   No trees or hedgerows are affected by the proposals.
   East Midlands Electricity consider that due regard has been paid to EME's obligation under Schedule 9 of the Electricity Act 1989.

PART II - INFORMATION AND OBSERVATION

(To be completed by the District/Borough Council)

Planning Reference Number _____

1. Names of interested parties consulted about the proposals with details of any observations received.

2. Particulars of any representations which have been made to the local planning authority objecting to the proposals.

3. Have any general or specific restrictions been imposed by any authority on development of the land affected by the proposed development?

4. Does the proposed development involve the demolition, alteration or extension of a building of special architectural or historic interest included in a list compiled or approved under section 1 of the Planning (Listed Buildings and Conservation Areas) Act 1990?

5. Does the local planning authority agree that the proposed development should be approved by the Secretary of State for Energy as described? (If the answer is 'NO', please answer question 6.)

6. Would the local planning authority be prepared to agree that the proposed development should be approved subject to modifications or conditions? (If so, specify the modifications or conditions proposed and state whether they are acceptable to the applicant). (Note: the precise form of any modifications or conditions subject to which the consent or direction given is a matter for the Secretary of State, but he will have regard to the form of words used by the local planning authority.)

7. Does the local planning authority consider that the application should be accompanied by an environmental statement in accordance with the Electricity Works (Environmental Impact Assessment)(England and Wales) Regulations 2000? (If so, please specify the particular points arising from the application which have caused the local planning authority to take this view).
