Subject: Rookery Farm Biomass boilers

Hi Chris,
Good to see you this morning.
As I mentioned we are looking to install 2 x GF295 biomass boilers at Rookery Farm , but now need planning permission to qualify for the RHI payments.
The boilers are manufactured by Glen Farrow of Spalding, their guys will also be installing them.
I have made contact with Adam Thomson at Glen Farrow and he is happy to provide you with any further information/ drawings you may require. I have copied him into this email and you should be able to pickup his address from here. Glen Farrow phone number is 01775 722327, which takes you to their switchboard, after selecting option 3 you can then ask to speak to Adam.
As usual we need to crack on with this asap.

Hope this helps
David
