This drawing is copyright and may not be copied, traced, photographed or used for any other purpose other than that for which it is issued. The Client/Contractor is to attend all discussions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions related to the area. No responsibility can be accepted for alterations which may be necessary during construction unless it is mentioned to the Architect so that design amendments may be considered. Site surveys are recommended in respect of boundaries to establish suitable site conditions before foundation work is undertaken. This drawing is limited to the amount of information contained and does not purport to be a full specification of the work. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing will not be used as a contract, insurance schedule. The work will not be supervised or inspected on this day. It is the Contractor's responsibility to ensure that the work is carried out in accordance with the specifications, conditions to construct and all control measures, including the use of materials and equipment and the use of the work is to be used and installed as, in strict accordance with manufacturers instruction and relevant codes of practice. Materials shall conform to appropriate British standard specification or BSIA standards or European equivalent standards. The Employer's Client shall ensure that the selected contractor is competent with the Construction Design and Management Regulations with Health and Safety legislation for Building sites and the work. The Employer's Client is advised that should the works need to comply with the Construction Design and Management Regulations an independent Planning Supervisor will be required. The works shall comprise of all the work shown on the drawing and details. Work may not be inspected by anyone but may be immediately informed an emergency to any and the works shall be stopped to be inspected. It is the project and owners responsibility to be aware of the Party Wall Act 1996 when building in close proximity to adjoining neighbours boundaries.
