PROPOSED REPLACEMENT BOUNDARY TREATMENT, WALL WITH CB PANELLING BETWEEN PILLARS AT 1.8M IN HEIGHT FROM A 1.8M CB BOUNDARY FENCE

Floor levels within the property will not be altered in any way due to this application being sort only for the replacement boundary treatment to the front elevation only.

The levels on site will not be altered that currently exist. The proposed does not involve any highway or driveway changes in height as the application only poses alteration to the internal layout of the property where the land continues lays flat.
