CASE OFFICER ASSESSMENT

Proposal

This proposal seeks to discharge Condition 9 of planning approval H06-0416-24, relating to details of written scheme of archaeological investigation.

Site Description

The site is located on the western side of Main Street, Gedney Dyke close to the southern fringe of the village. The site used to serve the car park to the former restaurant and bar. Houses are situated to the north and south of the site, plus opposite.

History

H06-0246-18 - Full - Change of use from public house to two dwellings - Withdrawn 30 July 2018.

H06-0210-21 - Full - Change of Use from Public House to two dwellings, including alterations.- Approved 01 June 2021

H06-0416-24 - Outline - Erection of single dwelling - Approved

Consultation Responses

The responses received from consultees during the initial consultation exercises, which can be viewed in their entirety through the South Holland website, can be summarised as follows:

Historic Environment Officer

Thank you for consulting us on this.

The submitted archaeological WSI meets the required standards, and I can recommend discharge in full of Condition 9 of H06-0416-24.

Public Representation

This application has been advertised in accordance with the Development Procedure Order and the Council's Statement of Community Involvement. In this instance, no letters of representation have been received.

Planning Considerations

Condition Details

The conditions detail:

Condition 9

No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

- 1. An assessment of significance and proposed mitigation strategy (i.e. preservation by record, preservation in situ or a mix of these elements).*
 - 2. A methodology and timetable of site investigation and recording*
 - 3. Provision for site analysis*
 - 4. Provision for publication and dissemination of analysis and records*
 - 5. Provision for archive deposition*
 - 6. Nomination of a competent person/organisation to undertake the work*
 - 7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.*
- The archaeological site work shall only be undertaken in accordance with the approved written scheme.*

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with Section 16 of the National Planning Policy Framework, December 2023. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

The Historic Environment Officer has been consulted on this application and has confirmed that the archaeological WSI meets the required standards. They therefore recommend that condition 9 can be discharged.

Conclusion

The details in relation to Condition 9 are acceptable and can be discharged.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
