REGULARISATION OF BUILDINGS AND STORAGE AREA AT REAR OF STATION HOUSE STATION ROAD GEDNEY LINCS

DO NOT SCALE FROM THIS DRAWING

The drawings and designs may not be altered, reproduced or used in any way in whole or part without the written consent of the author. Any discrepancies are to be reported to the author before any work is put in hand. Any work carried out before receipt of approved drawings is entirely at the risk of the person carrying out the work. All dimensions are to be checked on site before any work is put in hand. Any variations from the approved drawings must be reported to the author before any work is put in hand. The Client, and all Sub-Contractors employed by the Client, are responsible for ensuring that all works are carried out in accordance with the Construction (Design and Management) Regulations 2015. All workmanship, materials and products are to be in accordance with the current British Standard Codes of Practice and all relevant Building Regulations. Where proprietary products are specified, the Contractor is to follow the manufacturer's instructions and recommendations, and ensure that these are adequate for the purpose shown. The Building Contractor is responsible for obtaining all necessary Statutory Approvals and for giving all required notices. The Building Contractor is responsible for checking all dimensions on site before any work is put in hand. Any discrepancies are to be reported to the Architect before any work is put in hand. The Building Contractor is responsible for the adequacy of all temporary and permanent works and for the safety of the building and the site during the course of the works. The Client or Contractor must at all times have regard to the health and safety of persons affected by the works. The Client or Contractor must at all times have regard to the relevant code of practice
