DO NOT SCALE FROM THIS DRAWING

The copyright of this drawing is vested in the Author and may not be reproduced or used except as stated on the drawing without the prior written consent of the Author. Any breach of this condition may render the offender liable to prosecution and claims for damages.
The Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon trench fill conditions assumed to be poss. No responsibility can be accepted for abortive/ancillary work which may be occasioned during construction unless reported to the Architect before commencement of the relevant part of the work. Where trench fill conditions are found to require deepening or revision of foundations to satisfy results, any ancillary/abortive foundation work to be measured.
This drawing is limited to the amount of information considered necessary and is not to be used for the purposes of obtaining Planning / Building Regulations approval. This drawing must not be used as a contract document alone. The works will not be measured from this drawing. Figured dimensions are to be taken in preference to scaled. It is the duty of the Contractor and all sub-contractors to examine the drawings, schedules, bills of quantities, specification, conditions and to advise on:
a) materials to be used where otherwise stated and all commitments and materials are, to be used fitted and installed etc. in strict accordance with manufacturers instructions and approved codes of practice and British Standard specifications and the requirements of the Building Regulations 2000 and any European codes subsidiaries. The Principal / Client shall advise that the work carried out complies in accordance with and adopts all measures necessary to address compliance with Health and Safety Legislation for Building sites and Work places. The Registered / Client is advised that should the work need to comply with the Construction Design and Management Regulations an Independent Planning Supervisor will be required to be appointed by the Client. Any omissions on the drawing and specification which may not specifically assure but may be reasonably inferred by the above as necessary to carry out the works shall be deemed to be included.
