David

Thank you for the quick response, I will forward on to the EPO.

Regards,

Mark

Dear Mark

I can confirm that disposal will occur monthly.

Regards

David Broker

Dear Mr Broker,

I am writing with regard to your above application.

The Environmental Health Team have been consulted and I await their comments (Steve Branson copied in to this email).

My initial thoughts are that the term 'periodically' is a not specific and it would be very helpful if you could give more details – will disposal be weekly for instance?

I am aware that you would like this application to be dealt with expeditiously and any additional information regarding the frequency of disposal will be positive.

Kind regards,

Mark
