DATE 05/02/16

I Confirm I carried out ground work on the site of Ryecroft House, North Road, Gedney Hill, from the months of August 2004 to March 2005 The area where the work was carried out is shown edged red on the attached plan. These works were in preparation of the site for use as a garden by the occupants and involved levelling the site, installing suitable drainage, covering the area in topsoil and excavating the lake at the top of the garden area prior to the area being seeded.

M Ward

A handwritten signature in cursive script, appearing to read 'm u ward', with a horizontal line underneath.
