

84 North Road
Gedney Hill
Lincolnshire
March 2016

Statement re application for change of use of land at Ryecroft House, North Road

I live next door to the applicants (Mr and Mrs Phillips) at 84 North Road and lived here before the applicants moved to Gedney Hill.

I know the applicants personally and can confirm they have been using the rear area of their property as a formal garden during the time they have lived here. I have seen the work being conducted since 2004 to clear the area and plant seed to convert this for use as a formal garden as stated in their application.

I have also witnessed the ongoing maintenance from 2005 to date and continued planting the applicants have had done during the time they have lived next door to me.
