I can confirm that this specification fulfils the requirements of condition 6 of outline permission H07-0622-17. We look forward to the archaeological work being carried out and receiving a copy of the final report in due course.

However, as this proposal is a fresh application for full planning permission, rather than for reserved matters (and so is unrelated), it is recommended that any grant of permission include the three archaeological conditions mirroring those added to the previous outline permission (H07-0622-17).
