5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☐ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

G 2

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

PLEASE SEE ATTACHED SHEET.

Question 7 - Identification of Tree(s) and Description of Works

This application relates to seven silver birch trees located at the front of my property protected under TPO Number G2. When the TPO was first placed on these trees the building next door (The Baptist Chapel) was being used as a place of worship. Subsequently the Chapel, having stood derelict and unoccupied for several years, has been converted into a private residence.

My silver birch trees have now become extremely tall and I have received numerous written complaints from the new owner of The Old Baptist Chapel, Hillgate, Gedney Hill that leaf fall and other debris from my silver birches blocks her gutters and she is having to employ a firm of contractors to clean them on a regular basis at quite considerable expense.

Recently several large branches have broken off these trees in high winds and I am concerned that their location next to a footpath used to access the village hall, primary school, village shop and church could cause injury and pose a risk to passers by.

Mrs Fairchild-Fenton very kindly attended the property recently to inspect the trees and noted that they were very tall and some were showing signs of rot/disease. She took several photographs and saw that some branches of tree number 1 were overhanging the roof of The Old Baptist Chapel and encroaching on the power lines adjacent to this property. She also pointed out that the footpath was starting to show signs of movement caused by the tree roots. She agreed that work was needed and intimated that she would support any proposals put forward, subject to me consulting with an arborist.

I have sought the services of a well respected local arborist, Marcus Goose, and he has recommended the following course of action –

1. Tree Number 1 should be felled to remove its potential to cause harm to The Old Baptist Chapel, and the stump destroyed to prevent regrowth. This will greatly reduce leaf fall close to the Chapel and the potential for future damage to the roof/gutters of this property. No replacement tree would be planted to avoid a recurrence of the above problems.
2. Trees 2-7 inclusive should all be reduced in height to the point of the previous prune or healthy growth in the case of any disease/rot.

It would be my intention to have the remaining four silver birch trees within the front garden of my property (not protected under a TPO) similarly reduced to match the appearance of those protected under this TPO.

I hope you will agree that I have taken appropriate advice, and am proposing proportionate action, to eliminate third party risk and damage, whilst maintaining these trees in good condition, at substantial cost to myself.

I would therefore kindly request that you support my application. Thank you.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall:

☒ Yes

☐ No

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives.

☒ Yes

☐ No

If YES, you are required to provide for:

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing separate information (e.g. an additional schedule of work for Question 7)?

☒ Yes

☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

PLEASE SEE SEPARATE SHEET.

9. Authority Employee / Member

It is an important principle of decision-making that the process is open and transparent. For the purposes of this question, "relating to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the local planning authority.

Do any of the following statements apply to you and/or agent? ☐ Yes ☒ No

With respect to the authority, I am:

(a) a member of staff

(b) an elected member

(c) related to a member of staff

(d) related to an elected member

If Yes, please provide details of their name, role and how you are related to them.

10. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

Sketch Plan

- A sketch plan showing the location of all trees (see Question 8)

For all trees

(see Question 7)

- Clear identification of the trees concerned
- A full and clear specification of the works to be carried out

For works to trees protected by a TPO

(see Question 7)

Have you:

- stated reasons for the proposed works?
- provided evidence in support of the stated reasons? in particular:
 - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert
 - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist.
 - in respect of other structural damage - written technical evidence
- included all other information listed in Question 8?

11. Declaration - Trees

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
