South Holland District Council hereby give notice that PERMISSION HAS
BEEN GRANTED for the development in accordance with the application
and plans submitted, subject to any condition(s) set out below:

- 1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun not later than whichever is the later of the following dates:
 - (a) the expiration of five years from the date of this permission,
 - (b) the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990.

- 2 The following matters are reserved for subsequent approval by the Local Planning Authority, and no development to which they relate shall be carried out until these matters have been approved, viz:
 - (1) Detailed drawings to a scale of not less than 1/100 showing the siting design and external appearance of the buildings, including particulars of the materials to be used for external walls and roofs;
 - (2) The siting and design of any vehicular access to a road;
 - (3) Landscaping of the site, including details of positions, heights on planting and species of trees and shrubs.

Reason: The application was submitted in outline only.

- 3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the

approved scheme is implemented satisfactorily.

- 4 Before any development is commenced, a scheme to provide screen walls or fences, including details of their height, design and position, shall be submitted to and approved by the Local Planning Authority, and such scheme as may be approved shall be put into effect before the building hereby permitted is brought into use.

Reason: In the interests of the amenities of the area.

- 5 The vehicular access shall be formed at the western end of the site's frontage to Mill Lane.

Reason: In the interests of road safety.

- 6 Before the access is commenced to be used, provision shall be made within the site to the satisfaction of the Local Planning Authority for a motor vehicle to turn to enable it to enter and leave the highway in forward gear.

Reason: To enable vehicles to enter and leave the highway in forward gear in the interests of road safety.

The dwelling hereby permitted should be designed such as to avoid any significant overlooking onto the neighbouring property immediately to the west of the site.

South Holland Internal Drainage Board advise that steps be taken where necessary here to prevent highway surface water run-off creating embarrassment.
