...evelopers are advised to establish ...here is no made ground or wide ...ariations in the type of subsoil ...within the loaded area and no ...eaker type of soil exists below the ...oil on which the foundations rest ...ithin such depth as may impair the ...bility of the structure.

The deposited plans have been examined against the criteria set out in the Building Regulations. It is neither practical or reasonable to show all relevant matters on working drawings, the fact that minor matters are not mentioned does not alleviate the builder from the responsibility of non-compliance in the carrying out of site operations.
