TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H07-0989-21 **Date of Decision:** 12th November 2021
Applicant: Mr S Kennally
C/O Robert Doughty Consultancy Ltd
32 High Street
Helpringham
Sleaford
NG34 0RA
Location: Sunray 21 Hillgate Gedney Hill Spalding
Description: Demolition of existing single storey dwelling and erection of three single storey dwellings.

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:
817-13_PL_LP01;
817-13_PL_SP01;
817-13_PL_SP02;
817-13_PL_DD01;
817-13_PL_VS01;
817-13_PL_EL01;
817-13_PL_GA01;

817-13_PL_GA02;

817-13_PL_GA04;

Schedule of External Materials (Ref. 817/13/SNL/September 2021);

Design & Access Statement and Heritage Impact Assessment by Robert Doughty Consultancy (Document Ref. 817 13 DAS LMS) dated September 2021.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 Before the commencement of the development hereby permitted beyond oversight, the approval of the Local Planning Authority is required to a scheme of landscaping and tree planting for the site indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 4 Before the commencement of the development hereby granted beyond oversight details of screening along the south-western boundary of the site shall be submitted to and approved in writing by the Local Planning Authority. The details so approved shall be implemented in full before the development is first brought into use.

Note: Where finished floor levels are raised, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 5 The following flood risk measures shall be fully implemented before each property is first occupied:
- Finished floor levels shall be set 300mm above existing ground level;
 - Flood resilient construction shall be incorporated within the development up to 300mm above finished floor level.

Notes

The applicant is advised to refer to the following document for information on flood resilience and resistance techniques that could be incorporated into the development: "Improving Flood Performance of New Buildings - Flood Resilient Construction" (Department for Communities and Local Government, 2007).

Future occupants are advised to sign up to the Environment Agency's free Floodline Warnings Direct Service.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.

This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 6 Before the commencement of the development hereby granted beyond oversight, full details of the proposed means of foul and surface water disposal to separate systems shall be submitted to and approved in writing by the Local Planning Authority and the details so approved shall be implemented in full before there are any flows into the receiving systems.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 7 Before the development is commenced beyond oversight, full details of the proposed soakaway system, including percolation test results, shall be submitted to and approved in writing by the Local Planning Authority. This shall include the calculations undertaken to determine the volume of storage required. Should the percolation test results be considered unacceptable by the Local Planning Authority details of an alternative means of providing for surface water drainage shall be submitted for consideration. The approved means of drainage shall be implemented in full before the development hereby permitted is first brought into use.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021.

- 8 The water consumption of each dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of each individual dwelling.

Reason: To protect the quality and quantity of water resources available to the district.

This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

- 9 Before the development is commenced beyond oversight, details of the means of storage and disposal of refuse and recycling in conjunction with plots 2 and 3 shall be submitted to

and approved in writing by the Local Planning Authority. The approved scheme shall be fully implemented before the dwellings on plots 2 and 3 are occupied and shall thereafter be retained.

Note: the scheme should include a refuse collection area at the site's entrance.

Reason: To ensure that adequate facilities are made available for refuse storage and disposal to avoid pollution, to protect residential amenity, and in the interests of the appearance of the site and the area within which it is set.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

- 10 Before any works of demolition are commenced an ecological survey shall be carried out to determine the presence, or otherwise, of bats upon the site and the results of such a survey shall be submitted to the Local Planning Authority. If bats are found to be present a working design, method and timetable to mitigate any harm to the species involved shall be submitted to and approved in writing before any works of demolition are commenced and thereafter be carried out in accordance with the approved details prior to occupation.

Reason: In the interest of nature conservation and because bats are a protected species. This Condition is imposed in accordance with national guidance contained in Section 15 of the National Planning Policy Framework, 2021.

- 11 Before the commencement of the development hereby permitted beyond oversite full details of ecological biodiversity measures to be installed in conjunction with the development shall be submitted to and approved in writing by the Local Planning Authority. The measures shall be constructed and retained in accordance with the details so approved.

Note: Development can incorporate a number of simple, low-cost measures to deliver biodiversity benefits and enhance priority habitats and species, such as, the use of bat and barn owl roost boxes and integrating nesting opportunities into buildings. The use of swift bricks on new developments would help minimise the decline in swifts, a priority species.

Reason: To ensure that the development is able to deliver a net gain in biodiversity. This Condition is imposed in accordance with Policy 28 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in the National Planning Policy Framework, 2021.

- 12 No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed mitigation strategy (i.e. preservation by record, preservation in situ or a mix of these elements).
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis

4. Provision for publication and dissemination of analysis and records
 5. Provision for archive deposition
 6. Nomination of a competent person/organisation to undertake the work
 7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.
- The archaeological site work shall only be undertaken in accordance with the approved written scheme.

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

- 13 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 12 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

- 14 A copy of the final report required in connection with Condition 12 above shall be submitted within three months of the work being carried out to the Local Planning Authority and the Lincolnshire Historic Environment Record. The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording of possible archaeological remains in accordance with national guidance contained in Section 16 of the National Planning Policy Framework, 2021.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

Phil Norman
Planning Manager
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
