CASE OFFICER ASSESSMENT

Proposal

The application is to discharge conditions 7 (surface water) and 8 (foul water) of H07-0786-17 (plot 4 only).

Site Description

The site is situated on the eastern side of North Road and contains a Sycamore tree. A footway

runs along the site's frontage.

A house is located to the north and residential development opposite.

History

H07-0786-17 - O/A - Residential development (4 plots) - Granted 13 October 2017.

H07-0869-17 - W/D - Erection of dwelling and detached garage - W/D.

H07-0987-17 - RM - Erection of detached house and garage - Approved 11 December 2017.

H07-0086-18 - S73 - Erection of detached house and garage - approved under H07-0786-17 and H07-0987-17. Modification of Condition 1 of H07-0987-17 to allow amendments to previously approved plans - Approved 1 November 2018.

Consultation Responses

LCC Highways/SUDs - Does not wish to restrict the grant of permission.

Anglian Water - No comments.

Planning Considerations

Surface water would be disposed of to a frontage drain and foul water to a private treatment plant with outfall to the same drain. The submitted details are considered acceptable. SUDs raise no objections.

Conclusion

That conditions 7 and 8 be discharged.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:
A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).
C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European

Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
