DO NOT SCALE FROM THIS DRAWING

This drawing is the property of the author. The contractor is responsible for checking all dimensions on site before commencing any work. The contractor is responsible for the safety of the building during construction and for ensuring that all work complies with the Building Regulations. Any discrepancies must be reported to the author before work proceeds. Any variations from the approved drawings must be agreed with the author and the local authority before work proceeds. Any substitutions of materials specified in the specification must be approved by the author before work proceeds. Any work carried out by the contractor that does not comply with the approved drawings, the Building Regulations or any other relevant legislation is the responsibility of the contractor to rectify at their own cost. Dimensions are in millimetres unless otherwise stated. Do not scale from this drawing. Figured dimensions only to be used. All dimensions and setting out to be checked on site by the contractor before work proceeds. Any discrepancies must be reported to the author before work proceeds. The author is not responsible for any errors or omissions arising from the use of electronic files. Any electronic files issued are for reference only and must not be used for setting out. Electronic files may not be compatible with all software and hardware systems. The author accepts no liability for any loss or damage arising from the use of electronic files. Any person using electronic files does so at their own risk and must indemnify the author against any claims, costs, damages and losses arising from their use. Any electronic files must be checked for viruses before use. Any alterations made to electronic files by any party other than the author will be the responsibility of that party. Any unauthorised alterations will remove the author's liability for the accuracy of the information contained in the electronic files. Any person using electronic files for setting out purposes must satisfy themselves as to the suitability of the software for their purposes. Any person using electronic files for setting out purposes must check all dimensions relevant to their work before commencing work. Any person using electronic files for setting out purposes must print a hard copy of the electronic file and check all dimensions relevant to their work against the hard copy before commencing work. Any person using electronic files for setting out purposes must inform the author immediately if any errors are found in the electronic files. Any person using electronic files for setting out purposes must indemnify the author against any claims, costs, damages and losses arising from errors found in the electronic files after work has commenced
