Dear Chris,

I attach a photo of moulding D4 (as marked on the Proposals Plan).

This is the last one.

Good morning Naomi,

Apologies for my delayed response, I've been on leave for the last week.

Thank you for clarifying this, email photo's of the mouldings would be fine to ensure completeness of our records. Although the mouldings do not have consent in my view permission is still needed to remove them, although as has been indicated previously this should raise no issues at all.

Regards

Chris

I have checked and the positions are marked on the plan - but on the "proposal" rather than the "survey" one.

All four mouldings are identical as you know- do you really want 8 copies of four identical photographs? We are more than happy to email the photos.

Do we actually need permission to remove them given that they were added post listing and without consent so shouldn't be there at all ?!

Thanks

Naomi L'Estrange
