FILE COPY

Town and Country Planning Act 1990 Planning Permission

Reference: H08-0124-15 Received: 12th February 2015 Type: FULL

Name: Mr N Hussain
103 Lincoln Road
Peterborough
Cambs
PE1 2SH

Agent: T A C Architects
14 Old Fendyke Road
Weston Hills
Spalding
Lincolnshire
PE12 6DD

Description: Proposed pair of semi-detached houses

Location : Site adj. to 8 Belchmire Lane
Gosberton Spalding

South Holland District Council hereby give notice that PERMISSION HAS BEEN GRANTED for the development in accordance with the application and plans submitted, subject to any condition(s) set out below:

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:
Dwg. No's: 14/394/PA/006 and 14/394/PA/007A

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 Before development commences on site further details relating to the vehicular access to the public highway (between the rear boundary of the site and Spalding Road), including materials, specification of works and construction method shall be submitted to the Local Planning Authority for approval. The approved details shall be implemented on site before the development is first brought into use and thereafter retained at all times.

Reason: In the interests of safety of the users of the public highway and the safety of the users

of the site and to accord with Policies SG14 and SG15 of the South Holland Local Plan 2006.

- 4 Before the commencement of the development hereby permitted, full details of the existing and proposed site levels and proposed floor levels of the buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the details so approved.

Reason: To ensure that the Local Planning Authority retains control over the finished site and floor levels of the development, in the interests of the amenity of adjacent residents and its visual and architectural relationship with adjacent development.

This Condition is imposed in accordance with Policies SG14 and SG17 of the South Holland Local Plan 2006.

- 5 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures.
- i) a desk-top study carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). Two full copies of the desk-top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
 - ii) if identified as being required following the completion of the desk-top study, a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
 - iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been submitted to and agreed in writing by the LPA.
 - iv) two full copies of a full closure report shall be submitted to and approved in writing by the LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note

The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.

The applicant's attention is also drawn to the document entitled "Developing Land Within Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development.

This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan 2006.

The Local Planning Authority has acted positively and proactively in determining this application, having engaged with the Applicant at the pre-application stage, and by assessing the subsequent application against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal within the statutory timeframe, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Copies of all documentation submitted in connection with this application can be viewed online at www.sholland.gov.uk/doitonline/plandev/plansearch.aspx
