TOWN AND COUNTRY PLANNING ACT 1990 WORKS TO A PRESERVED TREE

Reference: H08-0203-17 **Date of Decision:** 26th April 2017

Applicant: Mr R Marks
19 Westhorpe Road
Gosberton
Spalding
Lincs
PE11 4EN

Location: 19 Westhorpe Road Gosberton Spalding

Description: Works to Gosberton TPO No. 2 1962

Detailed Description:

Application to remove an ash tree located in the front garden of 19 Westhorpe Road, Gosberton. the tree is located within Group One of Gosberton Tree Preservation Order No.2 1962.

The tree was severely damaged in storm Doris on 23rd February 2017. A large section of the tree had fallen, making the remainder unsafe to retain.

In the words of the applicant:

'Ash - Fell due to storm damage left in dangerous condition (storm on 23rd Feb. 2017).'

(Verbal consent was given by the Trees and Nature Conservation Officer to remove the tree immediately, prior to paperwork being received).

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

- 1 That the proposed work is carried out within two years of the date of this decision unless

otherwise agreed with the District Council.

- 2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.
- 3 The resulting stump of the tree should be ground out to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the tree is replaced with either a further ash (likely to still be a restriction on the movement of young ash trees due to ash dieback disease), or a species of Acer which will grow to at least 5 metres in height when mature. The replacement tree to be at least 1.5 metres in height on planting, to be planted as near as reasonably practicable to the position of the original tree within a period of twelve months.

Modifications to the details may be agreed with the Local Planning Authority.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement tree. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
