Dear Sir,

With reference to the above property's planning consent, I am writing to you to ask you to consider a planning amendment (see attached drawing).

As you can see this would involve the scope of work extending over the existing bathroom. I am aware this is possibly more than a normal request for an amendment, however I would like you to consider my request for the following reasons.

The work has started to the original scope you have approved and having to wait for a full planning consent would hold up the works proceeding.

The altered scope would not directly affect any neighbouring properties only to the rear where the nearest property is approximately one third of a mile away.

The property at Westdale would not be affected, as the flank wall to the original scope of works would not be there with or without this amendment.

There are no properties to the other side of Allendale that would be affected as this section is not in view.

If you require any further information please do not hesitate to contact me.

Yours Faithfully

N A Tite
