PROPOSED ALTERATIONS AND NEW VEHICULAR ACCESS

2 WARGATE WAY, GOSBERTON, SPALDING, LINCS

ADDITIONAL INFORMATION

At the moment our clients park their cars on Wargate Way and Salem Street as indicated on the site plan.

Some time before Mr & Mrs Mills purchased the property vehicular access was available, rather tortuously, into the rear of the existing workshop.

Unfortunately over the years there have been boundary changes and, judging by Ordnance Survey maps, buildings removed or altered, resulting in the loss of the rear vehicular access.

By providing a new access in the front of the existing building it would be convenient and safe to park in Salem Street and then reverse into the garage. Visibility is very good at this point and the highway and footway quite wide.

No part of the proposed garage doors need intrude onto the footway as folding doors, suitably designed to be in character with the building, can be incorporated.

The need for enclosed off-street parking is becoming more desirable from every aspect whether it be security, safety or routine maintenance, and it seems logical therefore to re-instate part of the building that was originally intended for vehicular use.
