ADDITIONAL STATEMENT

I run a business which is principally repairing and servicing lawnmowers and other garden equipment. I have done so from the site on which this application is made for many years and my Father ran a similar business before me.

So far as I am aware there have been no complaints about my activities from any of the neighbours and the reason the application is being made now is at the invitation of the planning officer who inspected the site in relation to another application that I made on adjoining land.

Signed.....
M A BRISTOW
